

SAFETY NOTICE

This Shop Manual has been prepared primarily for use by professional snowmobile mechanics, who are already familiar with all service procedures relating to Bombardier made snowmobiles, and secondly to assist the mechanically oriented snowmobiler who has limited access to an authorized dealer, or prefers to perform his own servicing.

In either case, special tools must be used, where required, and a good sense of safety is deemed necessary. If in doubt, contact your dealer for assistance.

This manual emphasizes particular information denoted by the wording and symbols;

- ◆ **WARNING:** Identifies an instruction which, if not followed, could cause personal injury.
- ▼ **CAUTION:** Denotes an instruction which, if not followed, could severely damage vehicle components.
- **NOTE:** Indicates supplementary information needed to fully complete an instruction.

Although the mere reading of such information does not eliminate the hazard, your understanding of the information will promote its correct use.
