

# General Information

## Overview

The identifying characteristics on the front of this Power Mac G4 (Mirrored Drive Doors) computer are its top speaker and mirrored optical drive bezel. Like the Power Mac G4 (QuickSilver and QuickSilver 2002) computers, this model also has a silver-colored case.

## Tools

The following tools are required:

- #2 Phillips screwdriver
- #1 Phillips screwdriver
- T-10 Torx driver or 2.5 mm Allen wrench
- Small flat-blade screwdriver
- Needlenose pliers

**Note:** Magnetized tools are recommended to avoid dropping screws within the computer.
